State BOE re-districting

8 districts, 1 elected member each, + governor is chairman

Serve 4 year terms. Elections in even number years, 4 elected at a time.

4 were elected in 2010 to begin term 1/1/2012

4 will be elected in 2012 to begin term 1/1/2014

If we redistrict now, we will change the districts in mid term. Same thing if we wait till next year for the other 4. How do we do this?
